

WHEN SAFETY DEPENDS ON PERFORMANCE!

72080A

20 Ton Capacity
Standard Height
Air Operated
Hydraulic Jack

20 Ton Capacity Low Height Air Operated Hydraulic Jack

72090A

Heavy duty truck, agricultural and heavy construction equipment.
Ideal for loaded truck and trailer roadside service calls.

Its light weight makes it perfect for mobile repair service

FEATURES

- Its light weight makes it perfect for mobile repair service.
- Long handle with 36-1/2" reach helps in positioning jack under vehicles with low overhang.
- May be stored in a vertical position.
- Compact design fits easily between tandem wheels.
- Parkerized coating on pump piston, extension screw and extension adapters and chrome coated ram offer protection against rust.

- Removable extension screw is used with the two 4" extension adapters (included) for added height when necessary.
- Self-retracting ram eliminates manual lowering of the jack.
- 5 1/4" diameter high impact composite wheels make maneuverability easy.
- Fast efficient air pump reduces lifting time and has a built-in relief mechanism which prevents the jack from being used beyond its maximum allowable capacity.
- Convenient push button air valve connected to an in-line filter prohibits contaminates from entering the air/hydraulic system.
